

AN EXPERIENCE TO REMEMBER

Private Dining in the Club

The pandemic has made daily life exceedingly difficult but that does not mean we should commemorate significant events, birthdays, and celebrations. The Club offers families and friends the ability to host private dinners in a safe and secure environment; socially distanced and seated in their specific social bubbles. The management has worked hard to create a number of safe and secure seating arrangements for each of its three dining rooms. These well-appointed rooms each have their own distinct style and accommodate from eight to twenty guests.

*“...a first-class
dining experience
in a safe and secure
environment”*

Members can select from several carefully designed luncheon and dinner set menus or work with Head Chef Steven Wright to create a unique menu for the occasion incorporating and specific dietary requirements.

So

whether you choose an informal or silver service event, our staff will ensure that your party has a fantastic and memorable experience. For

more information or to discuss your requirements contact the Club on manager@stjc.org.uk or call **0161 829 3000**
